

Commonwealth Corps Service Position Description

United South End Settlements **Commonwealth Corps** Education and Career Coach

The mission of the Commonwealth Corps is to engage Massachusetts residents of all ages and backgrounds in service to strengthen communities, address unmet community needs, and increase volunteerism.

Commonwealth Corps members with United South End Settlements (USES) will serve 10.5 months in a full-time capacity. What they have in common is a desire to put their talents and ideas to use in the service of their communities and the Commonwealth.

The mission of United South End Settlements is to build a strong community by improving the education, health, safety and economic security of low-income individuals and families in Boston's historic South End/Lower Roxbury neighborhood and to serve as a national model of successful neighborhood engagement. USES will host 2 full-time Commonwealth Corps members who will serve our organization as Education and Career Coaches, assisting families and participants across the agency to increase their economic opportunities through advancements in education, employment and access to resources.

USES is in the process of reorienting to a coaching model, as opposed to a case management model. Through their service, the Commonwealth Corps will play a central role in piloting this model and exploring new strategies as to how we can expand this approach across the agency. In addition, they will leverage volunteers that will be engaged in providing support to families in accessing employment and educational opportunities.

Responsibilities:

Essential

- Complete a minimum of 1,500 hours of service, serving through June 24, 2018.
- Attend all required Commonwealth Corps trainings and service events held by MSA (minimum of 6 total, post orientation) and United South End Settlements, including a new member orientation on August 15 & 16, 2017 and other training as needed.
- Participate in a minimum of 1 hour of MSA-related activities each week (in person or virtually).
- Partner with participant families to set goals and to develop a concrete plan for meeting those goals; support participants and help keep them accountable as they work toward those goals.
- Assist participants in connecting to training programs, jobs, secure housing resources, and referrals for services like childcare and healthcare.
- Help participants access and enroll in public benefits, as relevant to this service position.
- Assist with recruiting and training Volunteer Advocates who will also help participants connect to public benefits and additional services.
- Manage their individual caseload, which will include scheduling appointments, making reminder calls to their clients and completing any related paperwork, as related to this service position.
- Conduct outreach and recruitment of participants for USES's programs and services, as relevant to this service role
- Manage relevant data entry in the organization's data and outcomes tracking system, Efforts to Outcomes (ETO)
- Attend meetings and trainings that address local and national poverty and workforce development issues

- Organize and/or facilitate career readiness workshops and mock interviews
