

UNITED SOUTH END SETTLEMENTS

At United South End Settlements (USES) we believe that families have the best chance to reach their potential when we support the whole family together – children, parents, caregivers, and other family members. We help families reach their goals around education, career, finances, family or community engagement through one-on-one coaching. We also connect parents/caregivers to our job training program and our quality education and enrichment opportunities for children. We offer early childhood education, after school and summer enrichment programming, and a sleepaway camp in New Hampshire.
